**Hendricks Regional Health and North Montgomery Community School Corporation
Announce Sports Medicine Partnership**
*Hendricks Regional Health to become the exclusive healthcare provider
of sports medicine services for Corporation*

CRAWFORDSVILLE, Indiana — Hendricks Regional Health and North Montgomery Community School Corporation are announcing a new sports medicine partnership. Under the terms of the three-year agreement, Hendricks will become the exclusive healthcare provider of sports medicine services for the Corporation.

Dr. Colleen Moran, Superintendent of North Montgomery Community School Corporation, said, “We look forward to working with Hendricks and the variety of services they will provide for our student-athletes and coaches.”

Hendricks’ services supporting the high school and middle school athletic teams will begin on April 10, 2023. There are currently two experienced athletic trainers supporting the Chargers and all will remain as part of the Hendricks team, allowing them to maintain their established relationships and offer greater continuity of care for the student-athletes. The healthcare system will also provide athletic physicals and CPR and AED instruction for high school coaches. In addition, other supportive services are available to school partners including scheduling with a certified sports dietitian.

Hendricks’ sports medicine school partnerships are delivered through a team approach. This team includes athletic trainers, non-operative physicians, orthopedic surgeons and other healthcare providers, all with the collective goal of supporting student-athletes daily and helping them succeed in their sports or everyday activities.

Shane Sommers, Vice President of Professional Services for Hendricks Regional Health, said, “It is our honor to partner with North Montgomery Schools. We are incredibly proud of this opportunity to work together in supporting their student-athletes for many seasons to come. At Hendricks, we have an unrelenting focus on building relationships that are meaningful and lasting, and we could not be more excited to roll up our sleeves and get started.”

###

About Hendricks Regional Health

Since 1962, Hendricks Regional Health has served west central Indiana as its preferred, trusted healthcare partner. With a deeply rooted legacy of community service, the Hendricks' culture is built on our vision to be the community's indispensable healthcare partner.
