CARDIOLOGY

Cardiac & Pulmonary Rehabilitation

Available at the Danville campus and at the Hendricks Regional Health YMCA in Avon, cardiac rehabilitation provides monitored exercise, education and emotional support to patients recovering from a cardiac event or those living with pulmonary disease.

Catheterization Laboratory

The state-of-the-art catheterization lab opened in 2005. The lab provides diagnostic and interventional cardiac and vascular catheterization procedures.

EMERGENCY CARE

Emergency Department

The emergency department features 27 private patient rooms, including critical care rooms for cardiac, pediatric and trauma-related emergencies, as well as a fast track area for less-emergent cases.

Immediate Care Centers

Immediate Care centers are conveniently located at Hendricks Regional Health Avon and Plainfield.

Mission

Our mission is to improve the health of our region through the provision of the highest quality health care in a compassionate, technologically advanced and efficient environment.

Values

Our fundamental values are staff, service and stewardship.

Vision

Hendricks Regional Health will be the health system of choice by patients, physicians and staff for serving the health care needs of the region.

FACT SHEET (continued)

Services:

ONCOLOGY

Cancer Center

The Cancer Center, located at Hendricks Regional Health Avon, employs Modulated Radiotherapy; this technology allows more precise delivery of radiation to tumors. Additional diagnostic, surgical and chemotherapy oncology services provided at Hendricks Regional Health Danville.

PEDIATRICS

Our 10 bed pediatric unit offers trained medical staff who are experienced with treating childhood illness. Pediatric hospitalists provide care 24 hours a day.

SURGERY

Thomas J. Hibbeln Surgery Center

The Thomas J. Hibbeln Surgery Center is a state-of-the-art outpatient surgery facility at Hendricks Regional Health Avon.

Surgery Unit

The surgery unit provides inpatient and outpatient surgery at Hendricks Regional Health Danville. New operating rooms, pre-and-post operative areas and inpatient surgery unit were opened in July, 2010.

WOMEN'S HEALTH

Childbirth Center

The Childbirth Center offers 24 private LDRP/LDR suites, OB operating room, high-risk antenatal suite, triage, nurseries (including Level II special care), alternative birth therapies and birthing classes.

Women's Center

The Women's Center provides a holistic, diagnostic and therapeutic environment where women receive all digital mammography, ultrasound, stereotactic biopsy and breast MRI services as well as education and emotional support.

ADDITIONAL SERVICES

Medical Unit

The medical unit features 37 private suites and 24-hour coverage by hospitalists.

Partners In Care

Partners In Care is dedicated to providing medical services for the uninsured/underinsured.

Orthopedics/Sports Medicine, Physical and Occupational Therapy

Sports medicine, licensed physical and occupational therapists and athletic trainers.

Sleep Lab/Neurology
