

At birth and in the hospital your baby will be cared for by a Pediatrician in the hospital, called a Pediatric Hospitalist. Before discharge,

You need to choose a Pediatrician or Family Practice Provider for your baby.

Pediatricians: specialize in healthcare for children and complications

Family Practice/Nurse Practitioner: healthcare for healthy newborns; refers for complications

You may choose a provider at **Hendricks Regional Health (listed below)** or any provider that takes your insurance. Have their contact information (name, address, phone number). The Childbirth Center will send hospital records to them for follow up care.

Finding a Pediatric Provider:

Look for a provider's office close to your home or work.

Ask friends and family who they take their children to for healthcare.

*Call the office to see if they:
-accept your insurance plan
-are taking new patients*

Bring your Pediatric Provider's information with you when you deliver your baby.
