Office Hours
Our regular hours of operation are Monday through Friday 8:30 a.m. to 4:30 p.m. We are closed each day from noon to 1 p.m. for lunch.

For emergency after-hours care, the on-call physician can be reached by calling (317) 745-6160. We ask that patients use discretion when calling this number.

Appointments
Appointments can be made by calling our office at (317) 745-8790.

To best meet your health care needs, we ask that patients be on-time for their scheduled appointment. If you are going to be more than 15 minutes late, please call the office as we may need you to reschedule. If you need to cancel an appointment, please do so no less than 24 hours in advance of your appointment time.

If you are a new patient, please arrive 15 minutes before your scheduled appointment. This will allow time for you to complete any necessary paperwork.

Although we make every effort to see you at the scheduled time, emergencies or hospital duties may sometimes delay us. In such cases, we will attempt to contact you as early as possible to notify you of the delay or to reschedule your appointment.

Drs. Jones and Walton are members of the Hendricks Regional Health Medical Group. For more information about Hendricks Regional Health, visit hendricks.org.

Payment and Insurance
Our practice accepts a variety of insurance plans. Payment for services is required at the time of service and can be made by cash, check, Visa® or MasterCard®. If you have a health problem and cannot pay at the time of service, do not be discouraged from seeking care. Please call us to discuss your needs.

Billing questions may be directed to our patient accounts department at (317) 837-5566.
What is Internal Medicine?
Internists, or physicians who specialize in internal medicine, focus on the care of adults and have had special training in the prevention and treatment of adult diseases. Internists are experienced in handling severe chronic illnesses and situations where several different illnesses may strike at the same time. By choosing an internist, you also are selecting a physician who is not only skilled at diagnosing and treating complicated medical problems, but also one who has a special understanding of general adult health and wellness.

Test Results
Our staff will make every effort to get lab, x-ray and pathology results to you as soon as possible. Please keep in mind that pathology reports routinely take two weeks, and other results are not typically available in our office for two to three days.

Our location at Hendricks Regional Health Danville offers patients the added convenience of a full range of laboratory and radiology services.

Thank you for choosing Hendricks Adult Medicine. We look forward to serving your health care needs.

Our Physicians
Thomas H. Jones, MD
Dr. Jones is board-certified by the American Board of Internal Medicine. He received his medical degree from the Indiana University School of Medicine and completed his residency training at Barnes-Jewish Hospital in St. Louis, Missouri.

Olga V. Walton, MD
Dr. Walton is board-certified by the American Board of Internal Medicine. She received her medical degree from Moscow Medical School #3 in Moscow, Russia. She completed her residency training at St. Vincent Hospital in Indianapolis.

Drs. Jones and Walton refer their inpatient care to the hospitalists (doctors who exclusively treat inpatients) at Hendricks Regional Health Danville. For more information about Hendricks Regional Health, visit hendricks.org.

- Vision screenings

Prescriptions and Renewals
We want our patients to take an active role as a part of the health care team. One way to do this is by keeping an accurate record of the prescriptions and over-the-counter medications you are taking. Be sure to take your medication record to every appointment to update your physician. Medication record forms are available by request in our office or can be found online at hendricks.org.

Our office staff will be happy to call in prescription refills to your pharmacy. We ask that you allow us at least 24 hours to call your pharmacy. For a prescription refill call our office at (317) 745-8790. Please have the phone number of your pharmacy on-hand.
