

PEDIATRIC HOSPITALIST

At Hendricks Regional Health, we recognize that children are special. If your son or daughter needs to be admitted to the hospital, our full-time pediatric hospitalists will provide individualized care to get them back on the road to recovery.

HENDRICKS REGIONAL HEALTH OFFERS:

- A secure, 10-bed Pediatric Unit featuring private rooms and baths.
- Board-certified pediatric hospitalists, accessible around the clock.
- Our pediatric hospitalists are specially trained to treat complex cases – they provide care only to hospitalized patients.
- We have a highly qualified nursing staff (77% are CERTIFIED in PEDIATRIC NURSING).
- Our low nurse-to-patient ratio means your child is a high priority – we are there when you need us.

The Pediatric Unit provides a family-centered approach to medicine. We encourage you to room-in with your child and take an active role in his/her care. If you have to step out for a while, you can rest assured that your child will be safe in your absence; our unit utilizes 24-hour secure access to ensure your child’s privacy and security.

Your child will be treated to a home-away-from-home atmosphere with child-friendly décor, activities, pet-therapy visits and room service meals. Please let us know what we can do to improve your stay.

Our hospitalist team will communicate regularly with your child’s physician office to provide an update on condition and/or changes in patient status. For assistance, call **(317) 718-4774**.
